1 400 EUR

Signature : Studio Berreta Associati, CP&PR

Period : 20th century

Condition : Très bon état

Length : 218

Width : 29

Height : 218

Depth : 36

### Description

Large, adjustable floor sculpture lamp. Like a highly graphic mobile, the silhouette of this luminaire can be infinitely redesigned. The black, 2-point tensioned lamp stem remains in place at the desired angle. The bulb support (LED Cornalux hammer type) is made of rubber and locks in place using the same principle, with the bulb pivoting on its axis at 380°.
