

## Stereoscopic Viewer In Burr Wood Vintage Photography Circa 1890

400 EUR

Period : 19th century

Condition : Très bon état

Material : Wood marquetry

### Description

Stereo viewer for 45 x 107 mm views , in burr wood circa 1890. Burr wood has very tight, wavy grain patterns, sometimes in the shape of waves or knots, which makes it very decorative. With stereo glass plate "la balade en montagne" This model with a focusing wheel allows you to adjust the sharpness. link to
