### Description

An important pair of decorative ewers in patinated bronze in the Neo-Gothic style, dating from the 19th century. These elegant pieces feature rich ornamentation inspired by the Gothic repertoire. The ovoid bodies are adorned with relief motifs and finely sculpted female masks. Architectural handles with fantastical decorations and long, curved spouts give them a particularly refined, decorative silhouette. Each ewer rests on a circular base in red marble, providing an elegant contrast with the patina of the bronze. Dimensions: 13 / 23 / 59 cm
