### Description

Large religious statue in bleached terra cotta, depicting a young woman recollected at the foot of the cross. The work, of Christian inspiration, most likely evokes Marie-Madeleine at prayer, in an attitude of recollection and sorrow. She is depicted draped in the antique style, leaning against a rustic cross, accompanied by a bouquet of symbolic roses resting on a rocky base. The treatment of the folds, the delicacy of the face and the vertical composition testify to a quality workmanship, characteristic of late 19th century French productions, intended for private devotion or chapels. Presence of numbering in hollow on the base: D121. Dimensions: Height: 100 cm Width: 38 cm Depth: 28 cm Condition: Good overall condition. Wear and light soiling from use, consistent with age. Very fine decorative
