### Description

This precious Okimono from the late 19th century illustrates the virtuosity of Japanese craftsmen of the Meiji period. Carved around its entire circumference, the work unfolds a narrative scene of exceptional richness. The precision of the details, from the facial expressions to the intricate kimono patterns, testifies to a realism typical of the period. Combining tradition and technical finesse, this piece captures the essence of Japanese daily life with extraordinary elegance and artistic mastery. This object is accompanied by a certificate of appraisal and a CITES certificate of conformity. FR2606000xxx-x
