

Carved And Gilded Wooden Console Table

2 700 EUR

Period : 18th century

Condition : Bon état

Material : Gilded wood

Description

An elegant console table in carved and gilded wood, from the Papal States, 18th century. The console table is characterized by rich plant-inspired ornamentation and a striking sculptural composition. It features a contoured top painted to resemble marble and rests on a central support finely carved with volutes, foliage, rocaille elements, and plant motifs. The entire structure rests on a contoured base, atop which stand two putti sculpted in the round, depicted in dynamic poses as they seem to support the upper structure. Dimensions: height: 90 cm - width: 99 cm - depth: 40 cm For further information or if interested, please do not hesitate to contact us at +393282150796 (Gabriele Pintucci).
