Description

Large painting depicting an animated mountain landscape. In the center, an aqueduct descends from the mountain, feeding a lake. Lower down, figures walk along a path, several fishermen are on boats, a washerwoman is also present. Very atmospheric scene of daily life at the end of the 19th century. Our oil on canvas has been marouflaged on a plywood panel, probably at the end of the 20th century. Note some wear and slight lack of material on the sky, without affecting the aesthetics (see photos). We have for sale in our gallery a second painting in the same spirit and of almost the same dimensions, which could also serve as a counterpart. Dimensions: width 73.5 cm height 95 cm Shipping costs on request. Please consult us.
