Description

A less common piece, here is a pretty deep dish, made in the middle of the XVIIIe century in Moustiers, decorated with sober but elegant bouquets of flowers in green monochrome. It is signed on the back by the manufacture d'Olerys et Laugier , well known to connoisseurs, and by the painter who made the decoration. It's a charming piece in its simplicity, with a few rare chips (photo) but in very good overall condition. It sounds very clear.
