

## Antique Japanese Decorative Element In Bronze With Dragon Design

200 EUR

Period : 20th century

Condition : Bon état

Diameter : 18,5 cm

### Description

Very fine antique Japanese-inspired decorative element, featuring remarkable finely chiseled relief work. The center reveals an elegant musical scene depicting two figures in a mountainous landscape, delicately enhanced with golden nuances. The outer ring is adorned with dragons moving among waves in a particularly refined movement. The finesse of execution, the richness of detail and the depth of the decoration testify to a high quality decorative work, in the Japanese taste of the late 19th century. Very beautiful old patina giving great character to the whole. Diameter : 18.5 cm
