

Murano Glass Centerpiece On Gold Frame

180 EUR

Period : 20th century

Condition : Très bon état

Material : Glass

Height : 19

Description

Elegant Murano glass centerpiece featuring two delicate soliflores in shades of powder pink and white, with a superb speckled pattern typical of Italian glasswork. The ensemble rests on an elegant gilded metal frame depicting slender plant branches adorned with leaves. A delicate red motif in the center is reminiscent of a small flower and adds great charm to the composition. The contrast between the transparency of the blown glass and the gilded structure creates a beautiful decorative effect. Height: 19 cm
