Description

Bernard Buffet (1928-1999) - Large original lithograph - Crucifixion - Artist's proof - 1961 Important original lithograph by Bernard Buffet dated 1961, depicting a striking Crucifixion in the artist's emblematic expressionist style. This work, of great graphic force, perfectly illustrates Bernard Buffet's religious period with its taut lines, hieratic faces and dramatic treatment of the black line. The composition features the crucified Christ surrounded by the symbols "Alpha" and "Omega", under the inscription "INRI". The copy bears: Bernard Buffet's handwritten signature in pencil at lower right; an autograph dedication the inscription "E.A." (Épreuve d'Artiste) lower left. Very nice old proof on strong paper. Antique framing. Framed dimensions: Height : 50 cm Width
