Description

Napoleon III period polychrome bronze photo frame, late 19th century. Elegant finely chased bronze work with naturalistic decoration composed of foliage, flowers and bunches of grapes and exotic plants, featuring beautiful gold and silver shades. The openwork structure and elaborate base bear witness to a refinement characteristic of decorative objects from the Napoleon III period. This romantically charming decorative piece can accommodate a photograph or stand alone as an ornamental object. Its delicate vegetal decoration and fine craftsmanship make it a particularly decorative object. Very fine presence with an original antique patina. Good overall condition with a few traces of age in keeping with its antiquity. Epoque circa 1860. Delivery 18 euros in France, 35 euros in the
