Description

Splendid decorative tapestry from the XXe century, published by the prestigious Éditions d'Art de Rambouillet, reproducing a work kept at the Musée des Gobelins. This elegant composition is inspired by the great old hangings with their rich decorations of arabesques, trophies, musical instruments, floral motifs and mythological figures in the spirit of the XVIIIe century. Refined tones of old rose, burgundy, celadon blue and golden beige give it a warm, highly decorative presence. A magnificent ornamental piece that will naturally find its place in a classic, romantic or eclectic interior, as a wall hanging, decorative panel or even for a grand textile display. Very fine weave quality and superb finesse of detail. Dimensions: 242 cm x 67 cm Condition: very good. A tapestry full of charm and elegance,
