Description

Ring signed Korloff, in 750/° yellow gold (18 KT, eagle head hallmark), with animal-inspired spotted decoration. This emblematic model from the French house features sculptural work with powerful lines, a graphic motif in black and green lacquer, evoking a panther skin in an abstract, contemporary interpretation. The frame, with its supple, undulating, organic lines, is enhanced by diamond paving that brings sparkle and contrast to the whole and lends it a jeweled aesthetic. The ring is signed with the house's logo, the mirrored K, on the all-yellow gold gadrooned part of the band, as well as inside it. Typical of Korloff creations from the years 1990-2000, this ring testifies to the house's expertise in combining materials and volumes, and bold compositions. Total diamond weight estimated for
