PROANTIC
LE PLUS BEAU CATALOGUE D'ANTIQUITES

Dogfish

770 EUR

Period : 18th century

Condition : Bon état

Material : Metal

Length : totale 15 cm

Description

We present for sale this rare flintlock pistol carved into the end of the stock known as chien de mer, in walnut. All in its original juice, superficial traces of rust, left side of the barrel. I could have removed them, but when I can present collectors' guns absolutely in their original condition, I prefer.The mechanism works perfectly.Weight 226 grPort extra (E26)
