550 EUR

Period : 20th century

Condition : Très bon état

Material : Bronze

Width : 32 cm

Height : 32 cm

Description

Elegant suite of four bronze wall sconces, in the Louis XVI style.Each sconce features two finely curved light arms, adorned with classical motifs such as acanthus leaves and fluting. The central shaft is topped by a flame- or pinecone-shaped decoration, typical of the neoclassical decorative vocabulary.The ensemble is distinguished by the quality of the chasing and the balance of the proportions, offering a beautiful decorative presence.Twentieth-century work in the taste of the eighteenth century.Good overall condition, with slight traces of use consistent with age.Dimensions:Height: 32 cmWidth: 32 cm
