Description

Elegant marquise ring in 750/°° white gold (18 KT, eagle head hallmark) and platinum (dog head hallmark), entirely set with brilliant-cut diamonds, offering remarkable brilliance and an assertive presence on the finger. The composition adopts an elongated marquise shape structured around a larger central diamond, surrounded by a dense paving of carefully calibrated stones. The whole is worked in volume, according to a slight pyramid construction, creating a subtle play of reliefs and optimal light capture from all angles. The brilliant-cut diamonds of the finest quality ensure a vivid brilliance, while the gradation setting with three-dimensional effect reinforces the visual dynamics of the piece, conferring both sophistication and intensity. The ring body, in white gold combined with platinum
