Description

Japan 19th century: "Spectacular pair of cloisonné enamel vases", enameled copper, decorated with birds in trees and geometric friezes 46.5 X 18 cm. Shows with enamel jumps, deformations and accidents. Prestigious objects made in Japan for the European market, these vases, in addition to their size, these vases are a true pair, with crowned pheasants looking from one vase to the other, while the sparrows on the back are at the same angle. The delicate cloisonné technique, in which brass wires are soldered to the framework and then filled with polychrome enamel to give the color. You can imagine how many hours went into their creation. Do not hesitate to ask us for photos or further information by e-mail or telephone. Other photos and many other items in our Pau store and
