Description

Never seen anything like it! That's the exclamation that sums it up. More than just a table, it's a sculpture. We have two different types of wood--cherry and oak--joined together in a way that allows them to be appreciated and, at the same time, highlights this design shaped like a large, historic wheelbarrow. More unique than rare. It comes from the Tuscan hills; the material suggests an important era. Imagine yourself at the head of the table, "at the center." Dimensions (cm): L 275, W 101, H 81.
