### Description

Portable reliquary in the form of an oval case made of silver-plated metal, dated 1900 on the back. The artifact contains three relics. The relics are clearly identified by their respective handwritten labels in Latin (cedulae): St. Francis Xavier - St. Francis Xavier (famous Jesuit missionary), St. Gregory VII - St. Gregory VII, Pope (key figure of the Gregorian Reform), St. Stanislaus Kostka - St. Stanislaus Kostka (young Polish Jesuit novice). The back of the reliquary guarantees the object's absolute integrity: the original silk threads and the ecclesiastical seals in red sealing wax are perfectly intact, have never been tampered with, and are securely sealed.
