

Diadème - Gilded Metal And Coral Pearl Comb

880 EUR

Period : 19th century

Condition : Très bon état

Material : Coral

Length : 15 cm

Width : 7 cm

Description

Diadem forming a hair comb. The tortoiseshell branches support the pompom crown (gilded brass) with an openwork plant friezes alternating with three rows of coral beads of different coral beads of different sizes, those in the upper row being faceted. Very fine condition, slight traces of oxidation, but the branches are not missing or damaged. The case is lined with yellow satin, but is not in very good condition, (scratches, stains, closure inoperative). French work from the second half of the second half of the 19th century.
