Description

Set consisting of a suite of four Art Deco period candlesticks. They feature a structured geometric line characteristic of the 1930s. Materials and finish: Solid brass body with a patina of age. The pyramidal shaft is topped by a blackened glass ring or ball. Each candelabra is fitted with a bobèche with central spike. Design and assembly: Original assembly with central threaded rod. A screw runs through the bottom of the assembly to securely hold the structure (base, shaft, glass ball and spool). This robust mechanical assembly facilitates complete dismantling if required. Technical features: Extremely heavy models, ensuring excellent stability. Circular base resting on three small feet. Condition : Antique objects. Patina of use, micro-scratches and traces of natural oxidation attest to their authenticity. No
