### Description

Charming Louis XV Miniature Commode. Little child's commode or miniature chest of drawers in blond oak. very amusing for its quite charming proportions. it has two drawers in front and rests on curved legs. the crosspieces are scalloped and the sides are worked with beveled uprights. the patina is rather light, it is a blond oak. the drawers are dovetailed mounted. it is topped with a royal red marble with a corbin beak probably late. no restoration to report. this is not a master's chest of drawers, but rather a commission chest of drawers, perhaps for a child, a miniature piece of furniture. dimensions: 48 cm long by 35 cm wide and 51 cm high. we deliver and ship anywhere in the world, please contact us for a precise quote.
