Description

Pair of tapestry fragments mounted in picture frames. These are most certainly tapestries from seats that have been transformed into tableaux. Lovely compositions with a passementerie dai, one showing a man serving himself a drink by a fire, the other a woman holding her arms up to the sky. These tapestries are sold in their original found condition, with tears and a few very slight chips. Seventeenth century, mounted in a modern frame. Delivery 18 euros in France, 35 euros in the EU and 100 euros in the rest of the world.
