Description

A large porcelain cup and saucer, decorated with gold and blue enamel, flowers on a lattice background. China 18th Qianlong period (1736-1795) Height of bowl: 4.8cm Diameter of bowl: 9cm Diameter of saucer: 13.8cm The quality of the painting of the blue flowers is high, and particularly well executed. The relief of the enamels on the intense gold background makes this an altogether interesting and rare composition. Good condition overall, a tiny chip to the bowl.
