

Large Bactrian Stone Aniconic Ritual Idol

1 945 EUR

Period : Before 16th century

Condition : En l'etat

Material : Stone

Diameter : 17

Height : 22

Description

Bactrian large stone aniconic idol figure, a large ritual object with unknown usage from a culture that had no written language. Circa 2000 BCE, Central Asia. Beautiful mottled stone with carved flattened bottom, two biconical holes surround the figures top, meeting in the middle. Probable a votive or ritual object with beautiful sculptural presence. Provenance: Large Canadian Collection, 1990's
