Description

Charming portrait of a young woman in profile, painted in oil on wood panel at the end of the 19th century, in the spirit of Art Nouveau. The work is distinguished by its intimate atmosphere and beautiful palette of warm, deep tones. The treatment of light delicately highlights the model's face, while the brushstroke remains supple and expressive. The painting is presented in a substantial, richly carved wooden frame with vegetal decoration, typical of the Art Nouveau period, which perfectly sets off the work. Very fine decorative presence for a classic, eclectic interior or late 19th-century art collection.
