### Description

Thonet bistro chairs model 98 These 3 chairs are made of bent beech and feature a hand-woven rattan seat. This model stands out within the Thonet brothers' collection for its unique geometric bar back and characteristic rounded seat. The vertical bars and subtle decorative elements recall the style of the early Viennese Secession. They were made in Czechoslovakia in the 1930s. The Thonet labels have now disappeared, but the words "made in Czechoslovakia" still appear on the bottom of one of the chairs. Seat diameter is 41 cm, seat height 45.5 cm. Depth: 43 cm, height: 87 cm. Light traces of wear consistent with age.
