

Christ On The Cross In Carved And Polychromed Wood, Work Of The XVIIe Century.

900 EUR

Period : 17th century

Condition : Bon état

Material : Painted wood

Height : 56

Description

Beautiful early sculpture depicting Christ crucified, characteristic of religious art of the XVIIe period in its sober, poignant expressiveness. The ancient polychromy, still quite present, reveals beautiful traces of origin with its warm tones and painted details evoking Christ's wounds. The whole shows a beautiful patina of time which reinforces all the charm and presence of this antique piece. Good general state of preservation considering its period. Dimensions: height 56 cm. Very fine piece of sacred art and Haute Époque, ideal for collector or character decoration.
