Description

Message case / Billet doux period circa 1800. Turned wood body with three compartments topped by an ivory tower. The painted scenes in a bucolic setting represent the adventures to conquer "the Queen", the size of the object is out of the ordinary: height 23.5 cm / diameter 5.5 cm. Painting particularly well preserved, no wear. It must have fallen off, one missing on the crown of the dome and two others much smaller. I did not force to screw the top cover completely, it closes three quarters. Price non-negotiable. Payment by cheque or bank transfer. Postage 13 euros Colissimo recommandé or Mondial Relay for France, other countries please contact me.
