### Description

We present for sale this sumptuous Napoleon III period gilded wood salon, covered with tapestry in perfect condition, I think Gobelins. Fluted legs, square backs. The gilding is in very good condition. Five pieces, a 2/3-seater sofa plus four armchairs. It's in its original condition and I think it's quite exceptional that it came to us in such a state. Look carefully at all our photos, they're very self-explanatory. Port extra (E26)
