### Description

A pair of truncated cone-shaped vases in multi-layered glass, characteristic of François-Théodore Legras' famous production. These pieces feature an extremely fine, rotating decoration, entirely painted in relief enamel. The sylvan landscape depicts a seaside or lakeside pine forest, evoking the gentleness of Mediterranean landscapes. The decoration depicts maritime pines in the foreground standing out against a background of hills and bodies of water. The colors combine a background gradient from a luminous opaline yellow to a warm, vibrant orange, simulating a sunset. The details of the trees and ground are treated in shades of dark brown, khaki green and black to give superb depth and a striking backlight effect. In the enamel decoration, the signature "Legras" can be
