

Portrait Of A Woman

180 EUR

Period : 20th century

Condition : Bon état

Material : Painted wood

Width : 18 cm

Height : 22 cm

Description

A superb and striking early portrait of a woman with a fur collar, an oil on panel presented in its imposing, richly carved Baroque frame. An authentic piece full of character, ideal for lovers of classical art and hushed atmospheres. A surprisingly heavy frame that was certainly hand-carved on an existing frame.
