Description

Beautiful carved and gilded wood Oriental wall shelf, probably forming a kavukluk, turban holder or small Moorish-inspired decorative console. The circular openwork pediment features a remarkable radiating geometric decoration evoking architectural motifs from Islamic and Oriental art. The lower part forms a folding, removable shelf, bringing both a decorative and functional aspect to the ensemble. Very handsome decorative object from the first half of the 20th century, with assertive Orientalist charm. The antique gilding and beautiful patina give it lots of character. Please note: a small gap at the top of the openwork decoration, visible in the photographs. Dimensions: Height: 34 cm Width : 24 cm Depth: 14.5 cm Careful shipping in France and internationally.
