Description

The title of this engraving *Crapula et Lascivia* is illustrated by a banquet scene that turns into an orgy....Although the characters are horribly badly behaved, they remain very elegant. They're richly dressed, coiffed, and all the signs of opulence attach them to high society. An interesting detail can be seen through the window. Workers are working on the construction of a castle while the wealthy owners are enjoying themselves...The engraver's talent is exceptional and this print is in fine condition despite a small lack at top right and small crack at bottom right due to old fixings on blue cardboard.
