### Description

Decorative Art Nouveau crystal bowl, remarkable for its elegant plant decoration of stylized leaves in raised gilding. A refined piece in which the transparency of crystal combines with the richness of naturalistic ornamentation inspired by the organic lines emblematic of the Art Nouveau movement. The decoration reveals a delicate work in relief underlining each leaf with finesse and creating subtle plays of light that are particularly seductive. Depending on the lighting, the gilding reveals all its depth, giving the piece an elegant and precious visual presence. Presence of a signature under the base, visible in the photos. Dimensions: Diameter: 19 cm Height: 7 cm
