### Description

Solid walnut Directoire period corner cabinet. Beautiful solid walnut Directoire period corner cabinet, French work from the late 18th century. It opens with a front door revealing an interior fitted with three shelves. The cabinet is made of solid walnut. It opens with a front door revealing an interior fitted with three shelves. Its sober decoration with vertical flutes, balanced geometric lines and angled front are characteristic of the Directoire style. The cabinet features a large, rectangular cabinet with a large shelf. The cabinet features fine craftsmanship and a warm, antique walnut patina. Elegant and functional, this corner cabinet will easily find its place in a classic or contemporary interior. The cabinet is in excellent condition. Beautiful condition with wear and use restorations consistent with its
