Description

An important 18th-century ecclesiastical ornament in carved and lacquered wood, featuring splendid original decoration. The piece features a rich composition of scrolls, foliage motifs, and undulating forms in the Baroque style, embellished with gilded details and a refined antique lacquer finish. At the center is a small mirror, a decorative element typical of the sacred and ceremonial furnishings of the period. The surface retains a beautiful patina of age that enhances its authenticity and historical charm. A highly decorative piece with great visual impact, ideal for collectors and sophisticated settings.
