Description

Elegant sculpture in patinated bronze depicting a leaping stag, captured in a remarkable burst of movement. The animal is depicted in full run, limbs extended and head raised with pride, highlighting a finely chiseled antler. The quality of the modeling precisely highlights the musculature and coat, while the dark brown patina with its nuanced highlights accentuates the lively character of the composition.The work rests on a warmly veined onyx base, whose amber and brown tones create a harmonious contrast with the bronze. This combination of noble materials and the pursuit of a dynamic line are fully in line with the Art Deco aesthetic, where the stylization of forms and the expression of movement occupy an essential place.Signed by ERGET, this decorative sculpture seduces with its
