### Description

Oil on wood panel 21 cm x 29 cm , with its carved and gilded wood frame , 36 cm x 44 cm , attr à Lacroix de Marseille the painting represents a Mediterranean coastal view of several figures in the foreground , one seated near the shore , another standing accompanied by a child , all facing the sea . To the right, a rocky promontory bears a fortress or castle overlooking the bay. Several sailing ships ply the calm sea, while birds enliven the cloudy sky. The background is a mountainous distance bathed in golden light. The work displays the characteristics typical of Lacroix de Marseille: diagonal construction, warm palette, fine, elegant figures, imaginary architecture inspired by Italian landscapes, animated sky treated in subtle gradations, detailed ships rigorously drawn. The quality of the light
