Description

Art Deco ceiling light attributed to Louis Hettier & Vincent, in nickel-plated bronze and pressed molded crystal, with stepped geometric decoration typical of the 1930s. A very elegant French work from the Art Deco period, this fixture diffuses soft light thanks to its satin-finish crystal with refined architectural lines. Original bronze frame with stylized decoration. A sober, timeless model, ideal for an entrance hall, a living room or an interior with a contemporary Art Deco style.
