Description

Carved wooden furniture panel from XVIIe century depicting chariot of Venus. Bas-relief scene shows two fantastical horses pulling a richly ornamented chariot, driven by a majestic Venus seated Roman style. Surrounded by vegetal motifs, the sculpture is lively and, I believe, deliberately comical; 65cm x 17cm, Drawer front in carved wood from XVIIe century, decorated in bas-relief with archangels smiling and long-toothed dolphins. Composition is symmetrical and balanced, standing out on a quilted amati background; 28cm x 8cm, Beautiful condition, each has however a small lack or a few centimeters of border formerly not very visible, (red arrows) In immediate purchase, payment possible by credit card or PayPal.- Eclectic- We're not experts, but we've been in the business
