### Description

Remarkable curiosity of these powerful calle livres in white Carrarara marble, from the 19th century, represented by powerful and beautiful lion paws; sculpture in the taste of Antiquity and fragment intelligently used as an interior object; I won't go back over the power of these lion paws with a perfect finish and ideally used as risers or effective bookends; Perfectly finished with the detail of the claws, these two beautiful decorative pieces have everything to seduce; in good condition and made from a marble that I won't praise again, these two lovely pieces have their place in an amateur's classical and antique décor, thanks to their size and the quality of the perfectly polished sculpture (in very good condition)...
