Description

B Franco: Oil on panel depicting a snowy landscape animated by a figure walking near a small stone bridge and rural houses. The composition is treated in a generous, nervous paste, with a beautiful winter light in warm sunset tones. The work is signed "B. Franco" on the lower right. San Remo Gold Medal 1961. This post-impressionist-inspired country scene evokes European mountain or village landscapes of Eastern France in the mid-twentieth century. Knife work and impasto give the work great relief. Dimensions: 28 x 36 cm. Technique: Oil on panel. Condition: Good overall condition. Modern molded wood frame showing some slight signs of use.
