Description

We present an elegant antique Italian round table dating back to the early 19th century. The table features the typical characteristics of the Empire period, when large, smooth wooden surfaces were preferred over opulent decorations.Crafted from fine walnut, the circular tabletop rests on a solid, cylindrical central column, providing stability and elegance. The central column rests on a curved tripartite base, which supports the weight on flat, square feet. The refined natural grain of the walnut is clearly visible and creates an elegant visual accent.It is in excellent condition with minimal signs of wear consistent with its age; you can consider it for your home right away.This table is perfect for enhancing a dining room, as a centerpiece in a living room, or as a majestic entryway. With a large vase in the center, it will
