Description

"Waiting Dog" Sculpture in Patinated Bronze - 19th CenturyAn important bronze sculpture depicting an elegant Molosser-type dog, captured in a proud and watchful pose. The work stands out for its extraordinary rendering of the musculature and the expressive intensity of the subject, interpreted with refined realism and a great sense of movement.The surface features a rich burnished patina with warm, deep hues, enhanced by natural signs of age that highlight its authentic and collectible character. The finely crafted collar adds further decorative prestige to the composition.A sculpture with a strong visual presence, ideal for reception areas, professional offices, libraries, or collections dedicated to 19th-century animal bronze sculptures.Details* Material: patinated bronze* Period: 19th century*
