Description

Dating from the 1960s, this superb mirror and matching floating shelf set, typical of mid-century modern design, is a testament to the legendary craftsmanship of renowned Belgian manufacturer De Coene. Crafted in richly grained teak, this set is a perfect illustration of the clean architectural lines and refined elegance that characterized high-end post-war Belgian design. The De Coene brothers, acknowledged pioneers of innovative woodworking techniques, brilliantly demonstrated their mastery of form, materials and detail. The rectangular wall mirror is framed in teak, enhanced by a subtle inner metal border that catches the light and lends sophisticated depth to the glass. It's perfectly complemented by a sturdy floating wall shelf with a streamlined, streamlined silhouette. The shelf's exposed, laminated
