

Epoque 1er Empire Alcove Bed With Double Columns And Mirrored Backs, Cherry, To Renovate

230 EUR

Period : 19th century

Condition : Prévoir restauration

Material : Solid wood

Description

Beautiful First Empire period boat bed with detached double columns and mirrored backs on the bedsides. Solid cherry wood, no veneer. Good condition overall, it requires a few minor interventions: cleaning, patina, 3 foot facing plates, and a very small lack on a rear roller... nothing too serious... The mirrors are in very good condition, with no cracks or missing parts, the castors are present, as are the assembly lag screws. Small price (firm), taking into account the time to spend on it, within the reach of any good DIYer... Transport not included..., you guessed it. Outer dimensions overall=Length 196.5 cm; width 132.5 cm; height of bedside units 113.6 cm Inner dimensions = length x width: 188 x 115 cm Weight = approx. 30-35 kg
