Description

Physical-political globe produced by the Istituto Geografico de Agostini in the 1960s. The globe is made of impact-resistant plastic, while the support structure features a graduated metal semi-meridian and a heavy red metal base. The globe lights up and rotates smoothly. Completely original; only the electrical plug has been replaced. Inside the pedestal is the original map with the inscription "Globo extra 108/9 scale 1:35000000. This serial number indicated high-end illuminated globes intended for professional or educational settings. Good condition, normal signs of use. No cracks. Dimensions: globe diameter 36.4 cm, height 50 cm. Payment: Bank transfer, PayPal. Shipping via express courier. Shipping throughout the European Union. Please contact for
