Description

15 Lalique France Murat-style glasses. Elegant glasses with a bowl made of the finest crystal. Column-shaped stem in satin-finished crystal and decorations in polished crystal. Series designed in 1947 by Marc Lalique. Lalique, a crystal manufacturer founded in 1888 by René Lalique, is one of the world's leading producers of luxury crystal. The manufacturer's mark appears on the base in two versions--stamped and engraved--likely due to different years of production. The glasses are in excellent condition; only one has a small chip visible in the photo, while all the others are in perfect condition. DIMENSIONS: Height 16.5 cm Diameter 7 cm.
